✓ *New Ordinances*

Pursuant to appropriate notice & hearings, the following ordinances were enacted by the Board of Trustees:

Commercial Filming

This ordinance establishes regulations with respect to commercial filming on private property. There is a fee structure that covers LHPD patrol & oversight. A permit is required & can be obtained from the Village Clerk. Note: Filming related to the listing / sale of private property is exempt from these regulations.

Soliciting / Peddling

This ordinance establishes regulations with regard to obtaining a permit to conduct solicitation within the Village. There are robust permit requirements as well as a fee that must be submitted before a permit is issued. Permits can be obtained from the Village Clerk.

✓ *GEI Donates Trees to Village Park*

Donations of trees to provide much needed shade at Village Park are greatly appreciated!

Our most recent donation was courtesy of **Errol Kitt**, VP of **GEI Consulting Engineers & Scientists**, and member of the Village's **Permit Review Board**. Errol arranged donation of these beautiful and much needed Tupelo trees to our Village Park. **GEI** provides environmental, geotechnical, ecological, and water resource engineering services. **Old Mill Nurseries** donated services to plant the trees. The Park is always in need of salt – tolerant trees to provide much-needed shade. **Many thanks to Errol Kitt, GEI, and Old Mill Nursery** for this beautiful donation!

Senator James Gaughran
485 Underhill Boulevard
Syosset, NY 11791

Dear Senator Gaughran,

I write on behalf of the Village of Lloyd Harbor to thank you for securing significant and most important grant funding, in the amount of \$200,000, for renovation of the Lloyd Harbor Police Department facilities. Our Village is one of the largest in New York State - roughly 10 square miles in area, 20 miles of shoreline, and 26 miles of public roads. However, more importantly with regard to our Police Department, Lloyd Harbor is home to Caumsett State Park, as well as a Huntington Town beach, and a Federal wildlife preserve, among several other entities with public entry. Caumsett State Historic Park alone attracts roughly 350,000 visitors per year, who live outside the Village. The LHPD handles all of this traffic and any related incidents. It is, therefore, a serious priority that the Police Department facilities be structured and equipped to handle this volume of traffic and activity.

On behalf of our Village, I am most appreciative of your Staff's assistance to Chief Krumpert's office during this grant process. I am, as well, most grateful to you for your very significant efforts in securing this funding for the Village of Lloyd Harbor.

Kindest personal regards,

A handwritten signature in black ink, appearing to read "Jean M. Thatcher".
